NTT DATA
Hyderabad

Info-Tech Senior Associate-II
10/2021 - 04/2023

Project 1

Project Name: ADI Upgradation   **Role:** HTML & CSS Developer

- Creating and maintaining visually appealing and user-friendly web pages using HTML and CSS.
- Ensuring websites are fully responsive and provide an optimal viewing experience across a range of devices, from desktops to mobile phones.
- Tweaking websites to function correctly across multiple browsers and maintaining consistency in appearance and functionality.
- Streamlining HTML and CSS code for better performance, and improved SEO rankings.

Personal Projects

Ecommerce Application

https://github.com/naveena1221/e-commerce-Application.git   01/2024

Crafted a user-friendly e-commerce application using React-Redux, and JavaScript. Implemented Cart operations and Categories CRUD functionalities. Styled with Ant Design (antd). Contributed to an improved online shopping experience.

Tic-Tac-Toe Application

https://github.com/naveena1221/tic-tac-toe   12/2023

Developed an interactive Tic Tac Toe application in React, featuring robust game logic, refined visual design, and responsive styling for optimal user experience. Incorporated multiplayer options for friends and an AI opponent, ensuring versatility. Implemented thorough testing to guarantee seamless performance across diverse screen sizes.

Personal Portfolio Website

https://my-portfolio-website-using-js.netlify.app/   11/2023

Crafted a visually captivating and interactive professional portfolio that showcases my development prowess in HTML, CSS, JavaScript, and Bootstrap. Emphasizing responsive design and intuitive navigation, this project highlights my expertise while ensuring a seamless user experience.

Education

SASI Institute of Technology & Engineering

B.Tech, Electronics and Communication Engineering   06/2017 - 07/2021
